## Our Vision

Our vision is to emerge as a global leader, recognized for innovation and reliability in providing cutting-edge kitchen solutions. We aspire to set new industry standards and redefine culinary experiences worldwide.

## Our Mission

Our mission is clear - to manufacture culinary equipment of superior quality that not only meets but surpasses customer expectations. We strive to adhere to stringent industry standards, deliver products in line with client specifications, and cultivate lasting relationships with our valued customers.

## Our Infrastructure

Supreme Industrial Standard Kitchen Equipments production unit is situated in Chinnavedampatti near Saravanampatti, Coimbatore. Our company boasts trained technicians and excellent service engineers dedicated to meeting customer requirements. It is our responsibility to lead the market with information and drive towards new technologies and innovations. We consistently upgrade our technologies, including NC cutting & Hydro Folding, a Five-stage finishing process, and TIG welding, to adhere to the highest industrial standards.

## Our Quality Benchmarks

- All SS equipments are made by AISI 304 cold roll sheets Matt finish, 2B sheets.
- Top of the all equipments made by AISI SS 304 16g (1.6mm)
- Side cover are made by 20g (1mm)
- All under shelf are made by 18g (1.2mm) Thickness.
- Inside frame work 30x30x1.6mm Tick tube or L angle
- Legs are made by 40x40x1.6 tick or 30x30x1.6 tubes.

## Specialized Proficiency

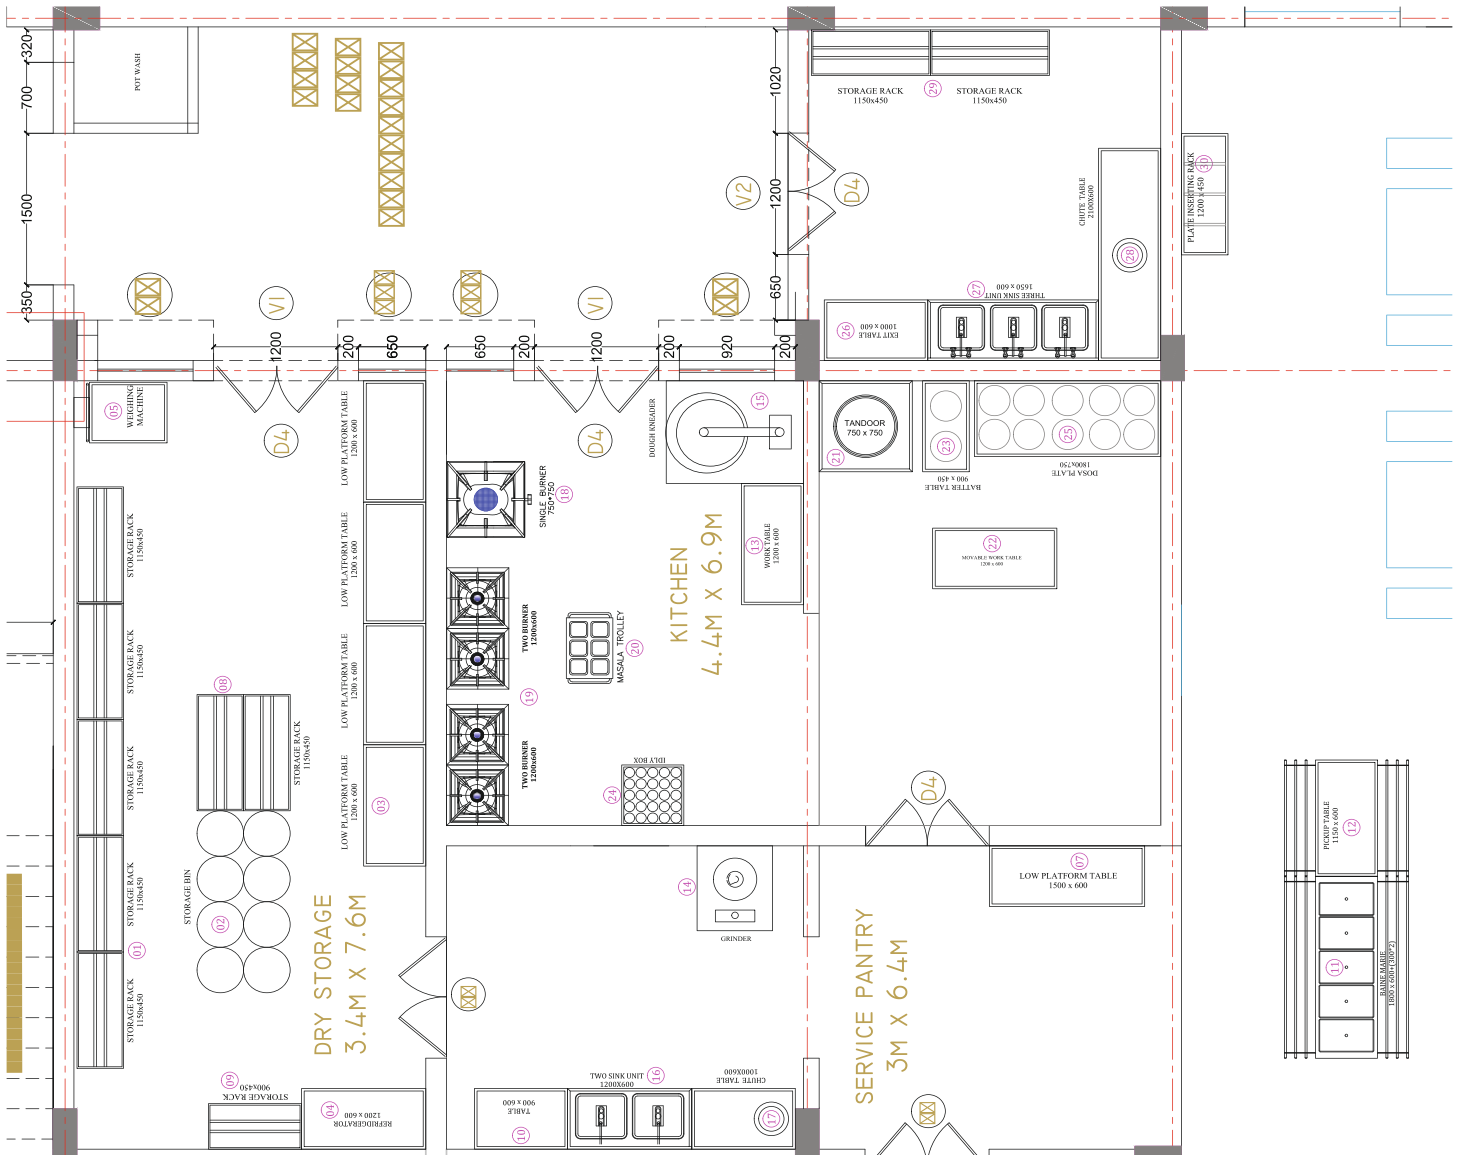

We are specialized in the planning and designing of Industrial Kitchen, Restaurants, Catering Units, Food Courts and customized designing of kitchen products. The following services are done by our design and development team.

- Kitchen infrastructure design and planning.
- Restaurant and cocktail bar Interior concept design.
- Waste management.
- Waste water management.
- Fuel management.
- Bill of quantities.
- Tender Documents.
- Cost effective purchase with quality suiting to international standards

We provide best quality and always maintain it in our products. We assure you that our products will definitely meet the international quality standards. In the rare event of our standard product range not addressing your requirement we will have our design team to be at your support to take care of even the finer requirements. It will be a pleasure to be at your service in supporting you through your journey to perfection in establishing the best food service facilities.
